*Born in 2003, I'm a contemporary artist inspired by traditional art styles working across painting, ceramics, and mural-based practices. I am studying for a BA (Hons) Fine Art degree at Bath Spa University, where my practice focuses on material exploration and site-responsive work that responds directly to place and environment. As part of my degree, I spent six months studying Illustration in Madrid, where I drew inspiration from the city's ceramic tiled surfaces and Spanish architectural heritage. Through my work I aim to create spaces where anyone can enjoy the beauty of art.*

## Education:

~ BA (Hons) degree of Fine Art, Bath Spa University (July 2026 – September 2023)

~ Erasmus Semester Abroad studying Illustration, Escuela de Artes de San Ildefonso (January – June 2025)

~ A Level's in Art, Spanish and Geography, Lutterworth College (May 2022 – September 2020)

## Exhibitions:

~ *Personal offsite exhibition – Bitteswell (25th May 2024)*

A collection of multimedia artworks of different scales, displayed near a lake amongst the trees. My first solo exhibition for my degree, had lots of positive feedback and allowed me to speak to my audience and gain confidence and exhibiting experience.

~ *Collaborative Local Exhibition – Cotesbach Co-Operative Art Group (28th – 29th Oct 2023)*

Group exhibition with other artists in the art group I attend. I had 4 pieces exhibited, 2 of which I was able to sell. This gave me the skills to collaborate with others as well as gaining the experience to help me with future exhibitions.

## Commissions:

~ *Set Design for local Pantomime (Dates of production: 26 – 28<sup>th</sup> January 2023)*

I designed 3 different sets, two of which consisted of 6 (4ft by 8ft) wooden panels and the last consisted of 10 of these same panels. I was commissioned by the local drama group to draw designs and scale these lines onto the panels whilst volunteers painted them in my chosen colours.
